LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

PRICE LIST
FOR
DETARIFFED AND OR UNREGULATED LOCAL EXCHANGE AND INTERXCHANGE
TELECOMMUNICATIONS
SERVICES
PROVIDED BY
AIRESRING, INC.

This Price List includes the local exchange, and long distance services offered to Customers within the State of Ohio that are detariffed and/or unregulated by the Public Utilities Commission of Ohio.

The Company offers service in the territory currently served by AT&T formerly known as Ameritech.

Issued by: Avi Lonstein, President

Issued: September 12, 2011

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 1 - LOCAL SERVICES AND RATES

1.1 Feature Descriptions

The Company's local exchange services have a variety of available features that let the Customer design a service tailored to meet their needs. Below are feature descriptions.

- Caller ID with Number

Allows for the automatic delivery of a calling party's number to the called customer. The telephone number is displayed on customer-provided equipment. If the Customer has call waiting on the same line, they will hear the call waiting tone, but the new incoming call number will not be displayed.

- Caller ID with Name and Number

Allows for the automatic delivery of a calling party's name and number to the called party. The name and number are displayed on customer-provided equipment. If the Customer has call waiting on the same line, they will hear the call-waiting tone, but the new incoming name and number will not be displayed.

- Caller ID Blocking Per Line

Provides default blocking of delivery of the calling customer's telephone number. Blocking can be deactivated by the customer by dialing an access code before each call. When the customer hangs up, the default blocking is reinstated.

- Caller ID Blocking Per Call

Provides blocking of delivery of the calling customer's telephone number on a per call basis. Blocking can be activated by the customer dialing an access code before each call.

- Call Forward

This optional feature allows all calls directed to a telephone number to be routed to a user defined telephone number. The user can activate/deactivate Call Forward and defined a telephone number where all calls will be forwarded. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number.

Issued: September 12, 2011

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 1 - LOCAL SERVICES AND RATES, (CONT'D.)

1.1 Feature Descriptions, (Cont'd.)

- Call Forward Busy Line

This optional feature forwards calls to a busy station to a predetermined number. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number. The user is charged any applicable usage charges for the forwarded call.

Call Forward Don't Answer

Allows users to re-route a call to a predetermined station in the event that the call is not answered within a customer-specified number offerings. Users are charged for any applicable usage charges on the forwarded call.

Call Pick Up

This optional feature allows a call to be answered from a different line by dialing a code. All lines in the group must be equipped with this feature. The Customer can have an unlimited number of lines in a Call Pick Up group.

- Call Transfer

This optional feature allows the user to transfer any established call to another telephone number (inside or outside of the system) without the assistance of an attendant.

- Call Waiting

This optional feature provides a tone to notify a Customer on an existing call that a second call is waiting.

- Consultation Hold

This temporary hold feature is inherent in Call Transfer and Three Way Calling. It is activated by depressing the switch hook.

- Direct Connect Hotline

This optional feature allows a Customer to automatically dial a designated number whenever the originating telephone goes off hook. This feature is assigned to a phone which is used only for this purpose.

Issued: September 12, 2011

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 1 - LOCAL SERVICES AND RATES, (CONT'D.)

1.1 Feature Descriptions, (Cont'd.)

- Hunting

This standard feature routes a call to an idle line in a prearranged group when the called telephone number is busy. Typically this feature is used with the customer's main telephone number and several subtending lines so that the customer can receive calls on several lines, although all calls are placed to the same number. Hunting will not work with Call Forward Busy and Don't Answer.

- Speed Dial

This optional feature allows a Customer to designate up to six numbers to be called by dialing a code.

- Speed Dial, Expanded

This optional feature allows Customer to designate up to thirty numbers to be called by dialing a code.

- Speed Dial, Group

Allows up to five lines on a Customer's system to share a Speed Dial list. This can be either a six number or expanded speed dial list.

- Three Way Calling

Allows a user to add a third party to an existing conversation without expensive conferencing equipment. This feature also allows a user to place a call on hold in order to make a consultation call on the same line. When the consultation call is completed the user hangs-up or depresses the flash key on the telephone and is reconnected to the original conversation.

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 1 - LOCAL SERVICES AND RATES, (CONT'D.)

1.4 Analog Integrated T-1 Service

Analog Integrated T-1 Service combines local and long distance telephone service. This service also provides the user with local and IntraLATA calling packages, optional calling features and various non-regulated services.

This service includes 1,000 minutes of local calling usage per line. Local service calls over the 1,000 included minutes will be billed at \$0.01 per minute. Optional intraLATA and interLATA long distance service is also available through rates provided in the Company's Long Distance Tariff.

Local calls are billed in one (1) minute increments, long distance calls are billed an initial eighteen (18) seconds and six (6) seconds thereafter. All services require a minimum of a Two (2) Year Term Agreement. Cancellation of Term Agreement prior to the end of the term will result in early cancellation penalties being applied.

1.4.1 Terms and Conditions

- A. Integrated T-1 service is provided by dedicated T-1 circuits and includes up to 24 voice channels.
- B. Voice traffic takes priority over data traffic in mixed usage situations.
- C. All calls originated on these circuits must be completed and billed to the customer by the Company.
- D. Installation Fee includes installing the circuit and the connecting/testing of the Company's supplied hardware. Company provided equipment must be returned at the end of the term agreement. Additional penalties will be assessed for non-returned or damaged equipment.

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 2 - LONG DISTANCE SERVICES AND RATES, (CONT'D.)

2.5 Optional Rates and Tiered Pricing Summary

Customers are offered services based upon the Options and Tier levels provided in the rate tables of this tariff. Customer rates are established based upon anticipated usage and term commitment established during the initial point of sale. The following information shall be used on all rate tables.

Customers may request that the Company review their billing levels and if applicable, move them to a different billing level based upon the actual billing. Customers that are eligible for a lower per minute billing rate will be moved to the newer rate but will not be eligible for retroactive credits between the actual billing levels and the billing levels established during the initial sales call and/or subsequent billing review.

2.5.1 Switched Access Rate Options

A. Option Levels

Options	Monthly Revenue Commitment			
	Option A	Option B	Option C	Option D
Option #-1	< than \$100	< than \$300	< than \$600	< than \$900

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 2 - LONG DISTANCE SERVICES AND RATES, (CONT'D.)

2.6 Travel Cards

Allows subscribers to place calls by gaining access to the network via an 800 number and personal identification number (PIN) number issued by the Company.

The Customer utilizes an 11 digit "800" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, followed by the ten digit number of the called party.

\$0.25 per minute

Issued by: Avi Lonstein, President

Issued: September 12, 2011

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 2 - LONG DISTANCE SERVICES AND RATES, (CONT'D.)

2.7 National Directory Assistance

National Directory Assistance is the provision of listed telephone numbers to requesting customers.

The company will provide directory assistance services at a per call charge in accordance with the rules set forth by the Commission.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge will apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published.

Directory Assistance \$0.99 per call.

Issued: September 12, 2011

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 3 - MISCELLANEOUS SERVICES AND RATES

3.1 Operator Services

The Customer has the option of contacting the incumbent local exchange company operator for general information, such as dialing instructions, country or city code information and Customer Service 800 numbers.

The Customer may obtain the assistance of an incumbent local exchange operator to complete local exchange telephone calls in the following manner:

- (i) Third Party Billing. Provides the Customer with the ability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance or when queried by the operator;
- (ii) Collect Calls. Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator;
- (iii) Calling Cards. Provides the Customer with the capability of placing a call using a credit card of an interexchange carrier with or without the assistance of an operator;
- (iv) Person to Person. Calls completed with the assistance of an operator to a particular Station and person specified by the caller. The call may be billed to the called party;
- (v) Station to Station. Calls completed with the assistance of an operator to a particular Station. The call may be billed to the called party.

	<u>Per Call Charge</u>
Automated Calling Card Station to Station	\$0.50

LOCAL EXCHANGE AND INTEREXCHANGE SERVICES

SECTION 4 - GRANDFATHERED SERVICES AND RATES, (CONT'D.)

4.2 800 Service (Toll free)*

Inbound Service is virtual banded inbound toll service which permits calls to be completed at the subscriber's location without charge to the calling party. Access to the service is gained by dialing a ten digit telephone number which terminates at the customer's location. Inbound services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

Carrier will accept a prospective inbound service customer's request for up to ten (10) telephone numbers and will reserve such number(s) on a first come first serve basis. All requests for number reservations must be made in writing, dated and signed by a responsible representative of the customer. Carrier does not guarantee the availability of number(s) until assigned. The inbound services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer.

If a customer who has received a number does not subscribe to inbound service within 90 days, the company reserves the right to make the assigned number available for use by another customer.

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

*As of October 1, 2011, this service has been grandfathered and is only available to existing Customers at existing locations.
